The results of the Olympiad in higher Mathematics are summed up

The results of the **XIV Olympiad in Higher Mathematics**, which was held in MIU on **April 26, 2021**, have been summed up.

According to the results of the Olympiad, the winners were determined:

1st place - Yahya Maryam Nasser (1st year student, MIU);

2nd place - Elizaveta Kovalchuk (2nd year student, MIU);

3rd place - Valeria M. Doberchuk (1st year student, MIU).

Congratulations to the winners and prize-winners of the Olympic Games!

We wish all participants of the Olympiads creative and scientific victories!
